Phonics:

We have been working on the letter Ss this week. There are no new sight words coming home. Please make sure that your child is reading their little book and practicing sight word rings at home. Please have your child get on the "Think Central" website to practice skills we are learning at school. This is a fun extra way for practicing.

Math:

We continue counting, and writing our numbers. We talk about coins and count by 10's. We have been talking about measuring and comparing.

Bible:

We are talking about Joseph and his brothers. We talked about how forgiveness is important. Our theme this month is about fear and trusting in God.

"I am the God of you father Abraham. Do not be afraid, for I am with you."
Genesis 26:24

Science:

We have been talking about bats and pumpkins this week.

Reminders:

- The weather is very unpredictable now! It is important that your child comes to school with a **warm coat or jacket** and proper shoes every day. We go outside for recess every day.
