### **Bible:**

We just finished up learning about the days of creation, and we read the story of Adam and Eve, and Cain and Abel. Next week we will read about Noah. Our new bible verse is:

***"As long as the earth endures, seedtime and harvest, cold and heat, summer and winter, day and night will never cease."* Genesis 8:22**

### **Math:**

We are working on our numbers from 0-10. We are learning new math vocabulary words such as: *attendance, double checking, & attribute*. We have a counting jar and are comparing shapes, buttons, & blocks.

### **Reading and Phonics:**

**Sight words:** These are words we read by sight. We do not blend or sound them out, we "see it, say it".

Our first sight word is: **I**. I am sending home our "**sight word ring**", with this word NEXT WEEK. Please keep this in a safe place and have your child read the sight words to you every day.

Think Central online: I will be posting some new things for your child to check out with you this week. Please try to find a time to get online and do this with your child. Thanks.

**Science:** We are talking about Apples. We know how they grow and that they are very tasty! We will have a special visitor in our classroom next week. Mrs. Phay will be coming in to help us make applesauce! Yum, Yum! 😊 We are still in need of a few yellow and green apples. 😊

The weather is starting to be unpredictable, so please send your child with a jacket or coat when weather might be questionable. We have a 30-minute outside recess every day.

**THANK YOU!** For the classroom donations that keep coming in. They are greatly appreciated! If you would like to donate, please check out our "see a need-fill a need" board across from our classroom. Have a good weekend and see you on Monday.

Mrs. Cunningham 😊
